This year's New Member Lip Sync was held on Nov. 12 at 7:30 p.m. in the University Auditorium. Each sorority was paired with a different fraternity two weeks before the show to prepare a fun and creative dance to this year's theme: America.

The event benefits the Dreams Come True Foundation, which sponsors one child each year with an illness to help make their come true. This year, the dream child's dream of going to Disney World. Last year's child just returned from her dream Disney cruise, and spoke at this year's lip sync about her trip.

"When our previous dream child spoke about her cruise, it was awesome because everyone in the audience and working backstage got to see the payoff of what we worked so hard for," said committee member for new member lip sync, Leslie Duffie.

The winning team was Pi Beta Phi and Kappa Sigma. "The boys loved it. They were getting so into it, and you could see on stage that everyone was truly having a blast," said Duffie.
